To Lithuanian Table Tennis Association

As you know, Ukraine was object of Russian aggression on February 24, 2022, which led to a large-scale war, tens of thousands of deaths, including among the civilian population, and millions of internally displaced persons.

Ukrainian Table Tennis Federation consists of thousands of people from all over Ukraine. Many of the UTTf members lost their relatives and friends, lost their home and were forced to leave their native cities.

Ukraine is now fighting for its freedom and independence, fighting for the democratic values of the entire world. And now we need the support of the entire world and a large table tennis family.

UTTf has created a charitable foundation for targeted financial support of tennis players (<https://www.uttf.com.ua/posts/fntu-zapochatkovuie-svij-blagodijnij-fond->). The collected funds are distributed among the members of the UTTf according to the applications received from the members, as well as to resolve other acute issues.

You can help:
